

AMMISSIONE REQUIREMENTS -
ADDITIONAL COURSES FOR ADMISSION TO THE MASTER'S DEGREE PROGRAM
IN
HEALTHCARE MANAGEMENT (LM 77)

Students who do not meet all the required ECTS credit requirements at the time of enrolment may complete the missing ECTS credits during the first year of the Master's Degree Programme in Healthcare Management.

During this period, students may regularly attend the first-year courses of the Master's Degree Programme in Healthcare Management and take the corresponding examinations, while completing the additional ECTS credits required for admission.

Below is the list of the courses corresponding to the different subject areas in which additional ECTS credits may be required.

Please note that the courses listed below are not offered in English (only in Italian). However, the corresponding examinations can be taken in English.

Students are strongly advised to contact professors before preparing for or registering for the examination.

The contact details of the lecturers responsible for each course are provided in the tables below.
