A.Y. 2023/2024, I Course Year, II Semester, 8 ECTS Credits (48 Hours)

Prof. Anna Trojsi

Course Information	Labour Law (Advanced Course) – Master's Degree (Second Cycle Degree) in Public Administration and Society Scientific Area: IUS/07 – Labour Law
Professor Info and Contacts	Prof. Anna Trojsi Full Professor of Labour Law (Scientific Area: IUS/07) Department of Law, Economics and Sociology – University “Magna Græcia” in Catanzaro Office Room n. 1 (Ground Floor, Level 0) E-mail: trojsi@unicz.it Office hours for student reception are posted on the website of the Department of Law, Economics and Sociology, in the Professor's page. The Professor can also be contacted before and after lessons and exams.
Course Outline Description	The Course aims to study two specialistic parts of Labour Law, i.e. Public Labour Law and Trade Union Law.
Course Goals and Expected Learning Outcomes	Students will gain a systematic and advanced knowledge of juridical sources, evolution and legal system in force on the subjects of Public Labour Law and of Trade Union Law, in theoretical, regulatory, doctrinal, jurisprudential and applicative aspects. <u>Knowledge and understanding:</u> The student will understand the main principles and rules on the subjects of employment relationships in public services and of industrial relations. <u>Applied knowledge and understanding:</u> The student will learn to apply the methodological background and knowledge of Labour Law, and so to resolve, from a legal point of view, practical work or trade unions issues in all organizational contexts, both public and private ones, also in the field of human resources management. <u>Autonomy of evaluation:</u> The student will be able to critical evaluation of the legal issues, in the field of Labour Law. He/She will also be able to provide the most appropriate legal solutions to adapt public and private organizational systems, especially public services, trade unionism and industrial relations systems. <u>Communication skills:</u> The student will be able to ask questions and to propose solutions, using an appropriate technical-legal language, especially in the field of Labour Law. So he/she will be able to speak and to deal with specialized interlocutors, such as decision-makers, trade unionists and staff, as well as with stakeholders at all. <u>Learning skills:</u> The Course will provide the student with an advanced methodological knowledge and a complete autonomy of theoretical and practical learning in a significant field of legal sciences applied to public and private organizational systems, such as Labour Law. The student will be able to research and to understand legal sources, bibliographical references and judgements, essential for holding specialistic or management functions. The student could attend seminars, conferences, training and other educational-scientific events, in the field of Law.
Program (contents/topics)	<u>Public Labour Law:</u> Historical and regulatory evolution, framework, general principles, legal and contractual sources of Public Labour Law. – Recruitment. – Flexible employment contracts. – Rules of public employment relationships. – Performance evaluation. – Salary. – The sanctioning power of the public employer. – Termination of employment relationships. The dismissal. – Public management. <u>Trade Union Law (Private and Public Sector):</u> Industrial relations systems, trade unions and employers' organizations, historical evolution and sources of Trade Union Law. – Company union representatives. Trade union rights in the workplace. The protection against anti-union actions. – Collective bargaining and collective agreement. – The strike, also in public services.
Estimated Student Workload	Attending students: about 152 hours.

for Self-Study	Non-attending students: about 200 hours.																														
Teaching Method	Lectures in Italian language. Possible integrative teaching and seminars.
