Course Outline	The course is aimed to deepen protection against discrimination in working relationships and job market.
Goals and expected results of the course	Students will gain a critical knowledge about essential points of protection against discrimination in the national and European system.
Course Syllabus	The main subjects of the course are: principle of equality and ban on discrimination; discriminatory factors; discriminations in working relationships; discriminations in job market: discriminations in the access to public services; judicial protection.
Required effort (estimate average) for self-study	The program requires about 200 hours of self-study (estimate average).
Teaching Method	The course consists of classroom lessons with student's active presence. They will study national and European norms and judgements. There will also be seminars on specific topics by university professors and professional experts.
Learning Resources	<u>Suggested readings:</u> M. BARBERA, A. GUARISO (curated by), <i>La tutela antidiscriminatoria</i> , Giappichelli, Torino, 2019 (students should study only chapters 1, 2, 3, 4 and 7). <u>Attending students may agree on the program with the Professor in class.</u>
Support Activities	The Professor provides support activities during office hours.

Attendances Modes	The attendance modes are set out in the Teaching Regulation of the University.			
Evaluation Method	<p>The evaluation method is set out in the Teaching Regulation of the University, art. 22.</p> <p>There is usually not a midterm test.</p> <p>The Professor can check the progress of the class during the course on the basis of the number of attending students and teaching performances.</p> <p>The final exam will be held in the form of oral and provides an evaluation in thirtieths; the exam is passed with a mark equal or greater than 18/30. The vote is given to the student proportionally to his preparation and his performance, according to the table below.</p>			
	Vote	Knowledge and understanding of subject	Analytical skills and ability to synthesize	Use of references
Ineligible Student	The student has significant shortcomings.	The student hasn't analytical skills and ability to synthesize and he talks in general.	The use of references is completely inappropriate.	
18-20	The student is at threshold level.	Analytical skills and ability to synthesize are just enough.	The use of references is just appropriate	
21-23	Routine knowledge.	Analytical skills and ability to synthesize are correct. The student is able to argue logically.	The use of references is standard.	
24-26	Good knowledge.	The student has analytical skills and ability to synthesize, and topics are expressed consistently.	The use of references is standard.	
27-29	Knowledge is more than good.	Analytical skills and ability to synthesize are remarkable.	The student has deepened the topics.	
30-30L	Knowledge is very good.	Analytical skills and ability to synthesize are very good.	Very important deepenings.
